

What Type of Burning Requires a Permit?

Non-Exempted Open Burning-Fire is not contained in an allowable device:

- Natural wood - Tree limbs and branches
- Vegetative Materials – Leaves, weeds, natural fabrics, clean paper, clean cardboard, etc.
- Training and educational events involving fires, extinguishing fires, and fire safety

Ceremonial Events or Bonfire: Fire not contained in an allowable device, greater than 3 feet in diameter and 2 feet in height. More information about bonfire permitting can be found [here](#).

Fires for recognized silviculture or range management.

Permits will only be issued to the landowner on which the burn will take place
